

DAVID VISSMAN
Vice President, Operations

David Vissman joined 3CDC in 2011 as Site Manager at Fountain Square. As 3CDC grew its operational portfolio to include three additional civic spaces - Washington Park, Memorial Hall, and Ziegler Park, Vissman spearheaded the opening of each site. In 2014, he was promoted to Senior Operations Manager, before being named Vice President of Operations in 2018.

In his current role, Vissman oversees the day-to-day management of all six 3CDC-managed civic spaces and 20 Operations team members. His role also includes oversight of the Over-the-Rhine District Management program, which was developed to ensure a safe and clean streetscape over 35 blocks in the OTR neighborhood. Additionally, he manages 3CDC's six public parking garages and ancillary parking lots, comprising over 3,500 parking spots.

Before joining 3CDC, Vissman earned his Bachelor of Business Administration from the University of Kentucky.
